Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-16 and 28-38, drawn to a tire construction containing at least one "elongate composite element" formed of fibers that are impregnated in a thermoset resin, classified in class 152, subclass 451.
 - II. Claims 17-27, drawn to an "elongate composite element", classified in class 428, subclass 357.
2. Inventions I and II are related as combination and subcombination. Inventions in this relationship are distinct if it can be shown that (1) the combination as claimed does not require the particulars of the subcombination as claimed for patentability, and (2) that the subcombination has utility by itself or in other combinations (MPEP § 806.05(c)). In the instant case, the combination as claimed does not require the particulars of the subcombination as claimed because the subcombination requires a fiber content of between 60 and 80% and a density less than 2.2., whereas the combination is silent with respect to both variables. The subcombination has separate utility such as a reinforcement element in additional elastomeric products, including endless belts and hoses.
3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

Art Unit: 1733

4. A telephone call was made to Kimberly McGraw on May 12, 2003 to request an oral election to the above restriction requirement, but did not result in an election being made.

Conclusion

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to **Justin R Fischer** whose telephone number is **(703) 605-4397**. The examiner can normally be reached on M-F (7:30-4:00).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Michael Ball can be reached on (703) 308-2058. The fax phone numbers for the organization where this application or proceeding is assigned are (703) 872-9310 for regular communications and (703) 872-9311 for After Final communications.

Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the receptionist whose telephone number is (703) 308-0661.
